Mr. E. H. Swick
Executive Director
Department of Transportation
Federal Highway Administration
Nassif Building
7th and D Streets, SW.
Washington, DC 20591

Dear Mr. Swick:

Reference is made to your report of excess real property dated May 20, 1971, covering approximately 330 acres of land at the Fairbank Highway Research Station, McLean, Virginia. Your Holding Agency No. FH-RX-71-1, GSA Control No. U-VA-455A.

As set forth in the attached copy of a letter to the Central Intelligence Agency, approximately 43.776 acres of this land has been transferred to that agency without reimbursement. A property line survey now nearing completion will indicate the precise boundaries of the property being transferred to the above-mentioned agency.

Custody and accountability of the property, together with any necessary documents should be transferred to CIA by your office as soon as possible. We will appreciate your prompt advice as to the date such action is accomplished.

Please acknowledge receipt of this communication in the space provided on the attached copy and return it to this office.

Sincerely,

ACKNOWLEDGED:

(Signed) Curtis A. Roos
